

Read and use our policies

Find the current governed policy, understand its version and retain a reliable copy for review.

Task: Check the current legal or trust position and save an auditable copy.

Audience: Customers, reviewers, staff and website visitors

Owner: Obedience Legal and Privacy

Version 2026.08 | Reviewed 2026-08-13 | Next review 2026-10-13

Find the policy

Open the policy hub and select the subject you need. The rendered policy, version and effective boundary are the controlled source, not a search-engine snippet.

Retain a copy

1. Check the version

Record the policy title, effective date and visible version.

2. Use the issued document

Download the governed PDF where offered, or print the documentation guide through the browser.

3. Recheck before reliance

Return to the policy hub before a later decision because policies can be superseded.
